

# AIRCHEK CONNECT

The AirChek Connect touch screen pump is the ultimate in sample pump flexibility, ease of operation, and connectivity. In addition to providing accurate airflows from 5 to 5000 ml/min, AirChek Connect features Bluetooth connectivity to PC, tablet, and mobile phone. Use with DataTrac Pro Software and your PC for pump monitoring, programming, and data management or with the SmartWave app on your iOS/Android devices for remote pump operation and monitoring. AirChek Connect is backed by decades of SKC experience and incorporates the latest sampling technology.
